

Tote Season Is Back

paperblanks®

Stylish and practical, our canvas bags are your perfect companion for the summer sun. Whether it's carrying picnic essentials or packing beach towels, they are the ultimate accessory for bright, everyday adventures.

paperblanks®

Step Out in Style with Paperblanks Canvas Bags

Reimagining our iconic designs across both the front and back, these bags are a favourite within our community, and our selection continues to expand with each new collection.

Designed to hold up to 7 kilograms (approximately 15.5 lbs), each bag is made from strong cotton and features a durable strap that sits comfortably over the shoulder, keeping the design on full display.

The new Fall season brings exciting updates to our canvas bag range. For Fall 2026 and beyond, all of our canvas bags are now designed with a larger interior zipper pocket, perfect for holding your phone and other daily essentials.

In addition, we are delighted to introduce a more sustainable approach to production. Selected designs in our Fall 2026 collection will be made using a new material created from recycled plastic bottles. This circular process transforms waste into a durable, high-quality fabric, supporting a more thoughtful journey from raw material to finished product.
